## **SUB: Administration of Holiday Scheduling**

The Fargo Area Local APWU will take over the system for selecting employees for Holiday work. The Employer will inform the Union of its needs for Holiday work, including how many employees with what skills are needed. The Union will make the schedule for the 3 day Holiday period and provide the Employer a copy of the Holiday Schedule. The Union will "post" the Holiday schedule for the craft. The Union shall do so in accordance with the Collective Bargaining Agreement and the Fargo Area Local LMOU. If Management makes any changes to the Union's posted Holiday schedule, then payment of holiday scheduling premium or payment at the appropriate overtime rate would be appropriate.

The parties agree to administer the above said duties in accordance with the MOU on pages 302 and 303 of the Collective Bargaining Agreement.
